

Versatile 198-bottle wine cabinet equipped with True Multi-Temp™ Climate Mode for serving different styles/grape varietals at perfect drinking temperatures, or it can be set as a Single-Zone for cellaring all wines. *Capacity is based on 750mL Bordeaux bottle shape and size.

Product Details

FEATURES

Store up to 198 Bordeaux Style Bottles
Maximum loading capacity is 198 bottles of Bordeaux shape and size (750ml).

Adjustable/Repositionable Shelves
Reverse the top shelf to store wines in the upright position. This top shelf is located just under the display shelf and it has a flat side to accommodate standing bottles.

Double-Glazed Door with Anti-UV Glass
The double-glazed door with anti-UV glass ensures protection from UV rays and prevents your wine spoiling due to light damage. It creates the optimal environment for your wine's maturation.

LED Digital Display Panel
Intuitive and minimal touch control panel. Elegant and easy-to-use, by design.

Humidity Recycling System
High humidity levels are maintained in the wine cabinet when set at cellaring temperature (12-14C), preventing corks from drying out.

Security Lock
Child-proof lock your cabinet to avoid unauthorized access to your collection.

Reversible Door (by technician only)
Contact a technician to reverse hinges to change opening side the door of your cabinet (charges apply).

BENEFITS

True Multi-Temp Climate Mode (or Single-Zone)
Flexibility to store all your varietals at ideal serving temperatures in Multi-Temp mode OR to cellar your wines at a single temperature in Single Zone mode. In Multi-Temp mode, the cabinet generates a gradient of temperatures from top-to-bottom, allowing you to store different wine styles and varietals at their perfect serving temperatures typically graduating from 6C at the bottom to 18C at the top. True Multi-Temp™ offers a wider range of temperatures with greater control, unlike most wine cabinet brands: at the top between 12 to 18 C and at the bottom between 5C to 12C. Offering great versatility, this wine cabinet can also be converted to Single-Zone mode, creating a single consistent temperature from top-to-bottom, with a range from 8 to 18C.

Access to OENO Virtual Cellar Management App
OENO By Vintec is your virtual cellar management tool and personal sommelier, powered by Vivino. It allows wine lovers to keep track of their collection effortlessly, access expert recommendations created by a team of sommeliers, and restock wines. Our partnership with Vivino enables OENO users to use AI label recognition with access to a database of more than 13 million wines, and receive exclusive wine offers to build up your collection and restock your Vintec.

Unique Vintec Flexible Shelving with "Hospitality Mode"
Vintec Flexible Shelving offers you the possibility to store bottles horizontally and neck-to-neck, thanks to specially designed grooves, OR to store bottles upright in "Hospitality Mode" thanks its flat surface for greater visibility and accessibility. You can also easily remove and reposition shelves to accommodate larger bottles and/or stack bottles to maximize capacity.

Elegant Scandinavian Design, Made in Denmark
Vintec Tall Cabinets are made and designed in Denmark. The signature design incorporates no protruding handles, brushed aluminium door frame, natural Beechwood shelves, and diffused LED lighting throughout.

Peace of Mind with The Vintec 5 Pillars Of Wine Storage
All Vintec Wine Cabinets recreate the ideal wine storage conditions found only in the best natural underground wine cellars by strictly adhering to the "Vintec 5 Pillars of Wine Storage": Stable Temperature, High Humidity, UV-Free / Dark Storage Area, No Vibration, Quality Airflow. *Note: high humidity levels are maintained in the cabinet when set at cellaring temperature (12-14 degrees celsius).

Showcase Your Best Wines
Showcase your best or favourite wines at the top of your cellar with the Vintec Display Shelf. It highlights your bottles by cradling them at an angle providing a clear view of your most cherished wines.

Gold Status at The Vintec Club
"The Vintec Club is a private club for owners of Vintec wine cellars, fully focused on content and experiences around wine. Owning a Vintec cellar is the key to accessing exclusive wine industry benefits and services, and receiving invitations to unique wine dinners and tastings in different locations around the world in the company of celebrated winemakers. This Vintec cellar will entitle you to become Gold status member of the club. Find out more at vintecclub.com."

Natural Beechwood Wooden Shelves
Designed for wine, the Vintec natural and unvarnished Beechwood shelves support neck-to-neck horizontal placement of bottles (bottles lying down) and minimize any vibrations to protect your wines.

Flexible Installation: Free-Standing or Built-In
This Vintec wine cellar can be installed free-standing OR built-in to a home (e.g. kitchen, living room or office) or restaurant for a more integrated look.

Borderless Black Glass Finish
Borderless Black Glass covers the full surface of the door, with no protruding handles, offering a seamless feel and an elegant finish, and stunning way to showcase your wine collection.

Top-To-Bottom Crystal White LED Lighting
Our energy-efficient, top-to-bottom UV-free LED lighting provides perfect visibility for all your wines. Located both at the top of the wine cabinet and inside the door, the light is not blocked by wine bottles and shelves, resulting in a smoother appearance with a more uniform diffusion.

Sleek Touch-Sensitive Control Panel
Configure your dual zone wine cabinet temperature and lighting with ease with the intuitive and minimal touch control panel.
