

254L single door freezer, stainless steel with pole handles, a fingerprint resistant finish, 6 full width freezer baskets, twist & serve icemaker, quick freeze function & 3 star energy rating

Product Details

FEATURES

Quick freeze function

Freezer temperature alarm

Pigeon pairing capability

Twist ice and serve
(removable)
make ice with ease and cool
drinks at a twist

Full-width freezer baskets

Multi-flow air delivery system

Electronic temperature
controls

R600a refrigerant
better for the environment

BENEFITS

Understanding new capacity and energy ratings
From the 15th August 2021, the way refrigerators are tested to calculate Energy Star Ratings and energy consumption have changed. This means that the capacity and energy rating calculations have changed, however the product remains unchanged. Be sure to check all new ratings to ensure that your comparisons are consistent with the new standards.

Pigeon Pair
Westinghouse's vertical fridges and freezers can be combined in one space to give you a pigeon pair. This provides you with the maximum fresh food and freezer storage in one unit- truly the big fridge for the big family

Twist ice and Serve
Whether its for an afternoon juice or a whisky on the rocks, the easy to access bin ensures you always have ice to hand. Just fill the tray, freeze, then twist. Ice when you need it

Full-width freezer baskets
Easy storage, ultimately reducing the time you need to keep the door open and making life easier when entertaining or preparing for the family.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Additional domestic warranty for the sealed refrigeration system only (yrs)	3
Refrigerator Type	vertical freezer
Exterior door finish	Stainless steel
Fridge door opening	reversible
Cooling system	frost free
Refrigerant	R600a

Minimum Recommended Airspaces

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

Please note: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, clearance of at least 350mm on the hinge side will allow the doors to open enough to enable the removal of the bins and shelves.

Dimensions	Product Height (H)	Product Width (W)	Product Depth (D)	Product Depth (D2) (Door Open)	Airspace	Side - both	Top	Behind

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
